A diagram of a 4x8 grid of cells. The grid is divided into four 2x4 quadrants. The top-left and bottom-right quadrants are shaded with diagonal lines. The top-right and bottom-left quadrants are white. Various geometric shapes are drawn across the grid cells, and labels with arrows point to specific features:

- 1311**: Points to the top-left corner of the first cell in the top-left quadrant.
- 1312**: Points to the top edge of the first cell in the top-left quadrant.
- 1313**: Points to the right edge of the second cell in the top-left quadrant.
- 1314**: Points to the top edge of the second cell in the top-left quadrant.
- 1315**: Points to the bottom edge of the second cell in the top-left quadrant.
- 1316**: Points to the right edge of the third cell in the top-left quadrant.
- 1317**: Points to the bottom edge of the first cell in the top-left quadrant.
- 1318**: Points to the bottom edge of the first cell in the top-left quadrant.
- 1320**: Points to a shape in the top-right quadrant.
- 1330**: Points to a shape in the bottom-right quadrant.
- 1340**: Points to a shape in the bottom-left quadrant.
- 1342**: Points to a specific cell in the bottom-left quadrant.
